Pursuant to our discussions and letter received from the Contracting Officer (DPD-6294-61, dated 13 October 1961), I am supplying four (4) each copies of our technical and cost proposal covering your request for modifications to four Mark I Viewers.

You will notice that one of the ten specified modifications has not been quoted. This particular item, as is explained in the technical note, would involve work beyond the scope that we are sure you anticipate. Our representative [redacted] discussed this matter with [redacted], who assured him, after becoming aware of the ramifications of the modifications, that this modification was not, in fact, required.

Very truly yours,

Contracts Manager
